Second Option ** = Separate Sciences, Computer Science or ICT BTEC.

Third Option *** = French, Art, Child Development, Design Engineer Construct (DEC), Geography or Food.

INDEPENDENT STUDY TIMETABLE

Independent Study times

We believe that Independent Study and independent study is very important to ensure that students practice and reinforce what has been done in lessons however we are keen to promote a work-life balance for the students. Independent Study will have a focus on quality rather than quantity. Students are provided with a Independent Study timetable which can be accessed through our website. At KS3 students will receive 1 Independent Study per week from subjects. At KS4 this will be increased to 2. Year 7 will have Independent Study introduced across the year subject by subject to introduce them to the routines. Independent Study will be set electronically using an online facility called Show My Independent Study. Both the parent and the child will be given log on details. This online tool will help keep track of your child's Independent Study. Show My Independent Study will allow you to see the details of the tasks your child has been set.

Revision

All students will receive Independent Study which is revision. Revision is encouraged throughout the whole school year not just before examinations. Independent Study should be set to cover previous topics and interleaving. Interleaving is the process where students mix, or interleave, multiple subjects or topics in order to enrich their learning. There is also an expectation that students also do independent revision aside from their Independent Study commitments.

Independent Study Club

At Philips High School we provide a Independent Study club. This is especially useful for pupils who find it hard to work at home, or for some Independent Study tasks that require school resources (books, software, equipment). Independent Study club runs every lunch time in G8 and after school Monday to Thursday between 3.00 p.m. and 4.45 p.m. in the library. Teachers will also be available at different times during the week for students to speak to if you have subject specific questions or need some support with their Independent Study.

Sanctions

Incomplete Independent Study or Independent Study which is not done to the best of ability will result in a behaviour point which will automatically trigger a 20-minute detention (regardless of how many behaviour points the student have received during the day)
